## DID YOU KNOW?

Mutual Aid Ambulance Service is a non-profit 501(C)(3) organization with a mission of providing pre-hospital emergency medical services to the communities we serve. We are the designated EMS provider to 34 municipalities in both Westmoreland and Fayette Counties. In 2024, we responded to nearly 70,000 requests for service from 14 stations in these communities. However, only a handful of these communities provide any assistance to support the services we provide.

## Your Support is Vital to Ensuring That Mutual Aid Ambulance Service Will Continue to be Available for You

The primary source of our funding is payment from Medicare and other insurances. However, these payments do not fully cover the costs of our personnel, vehicles, training, medical supplies, and personal protective equipment. This Membership Program provides vital income needed to maintain the high quality of care that we provide to your community.

*Our sincere thanks to all of our current and former members who have generously supported our mission of caring for the community!*

### Q. WHY AM I RESPONSIBLE FOR MY INSURANCE DEDUCTIBLE IF I HAVE A MEMBERSHIP?

**A.** A deductible is the amount a patient must pay out of his or her own pocket before full healthcare insurance kicks in to cover medical claims. Mutual Aid cannot give you a discount on your deductible because we are contractually obligated by your insurance carrier to collect the full amount.

### Q. I HAVE MEDICAID – DO I NEED A MEMBERSHIP?

**A.** No. Healthcare providers may be prohibited by law from offering Membership to or accepting Medicaid recipients. By submitting an application for Membership, the applicant certifies that they are not a Medicaid beneficiary.

### Q. CAN I TAKE OUT A MEMBERSHIP IF I DO NOT HAVE INSURANCE?

**A.** Yes. You will receive a discounted rate on your emergent and non-emergent transportation, which will coincide with the current Medicare fee schedule.

### Q. AM I CHARGED ANY FEES IF AN AMBULANCE DOES NOT TRANSPORT ME TO THE HOSPITAL?

**A.** Yes. Mutual Aid does charge a fee when on-scene treatment is provided but the patient is not transported. Since most insurance companies do not provide coverage for on-scene treatment without transport, members receive a 50% discount for any related fees that are not covered by insurance.
